The Cowboy Who Lost His Colors

Join this cowboy on a wild west adventure to find all the colors he has misplaced! Cowboy Maestro has lost his colors while out on the range. Can you help him find them? Let him rope you in with his lasso stunts. Laugh as he wrangles his wild rubber chickens. Enjoy and anticipate a colorful, magical grand finale. This engaging show brings humor, trick roping, juggling and magic, as we search for all the colors that make the world such a wonderful place.

The Intergalactic Palette

Oz is an alien from the planet Schlorp where everything is black and white ...literally. Color doesn't exist in the monochromatic world of Schlorp. One day Oz's spaceship crashes on Earth and he travels to the local library to find a manual to fix his ship and along the way he discovers the magic of color, which could be the key to getting home. Audience participation is an integral part to building this story and solving the problems Oz has encountered.

Purple is Missing

Dizzy returns for another colorful adventure! But not as colorful as it could be... The color purple is missing! Join Dizzy on a magical adventure to find and restore the color purple, while exploring our creativity with all the others! Though some of her colorful tricks may go sideways for a bit, Dizzy will get it back on track with the help of her new friends. With hula hoops, magic and fun, Dizzy will color your world and we'll get the job done!

Kaleidescape

Welcome to Kaleidescape, a vibrant juggling and magic experience! This show brings the magic of color to life with glowing clubs and enchanted scarves. Elliot's tricks weave a tapestry of fun that will captivate audiences of all ages. Each act invites you to see the world in a new light, where every color tells a story of joy, wonder, and possibility. Join us for this family-friendly spectacle where juggling and magic paint the sky in a "kaleid - escape" of colors.

Mermaid Magic: A Colorful Tail

Dive into a colorful undersea adventure with Sirena Sparkles the mermaid! In this interactive storytelling experience, Sirena takes the audience through engaging tales, exciting puppet friends, the art of American Sign Language (ASL), and the wonders of color! Participants will learn simple ASL signs related to colors and the ocean. Come dressed in your best mermaid or pirate attire and join the colorful adventure!
